11/29/2013 - 12/31/2013

Providing Consultation and Technical Assistance for ROM Reports

Hour ID	Date	Description of Work Performed	Hours Worked
44	11/29/2013	Write script to update ICWA status to table ReportDictionary and update column name in table report filter to ICWA status.	2
45	12/16/2013	Wrote script to update tblQueryset for MO database. Tested Script. Documented requirements.	1.75
46	12/19/2013	Reviewed user requirements for task ID 15 update in home lables and legends	0.25
47	12/20/2013	Looked at relationships between tblReports, TblReportView, and tblReportSubcategory and how these values are represented in the application. Read Terry's operational definitions and specifications for lables and legends for in-home reports.	1.25
48	12/21/2013	Worked on script for updating in home labels and legends. Emailed Lynda with questions on updating tblReportSubCategory.	1.5
51	12/28/2013	In-Home lables and legends. Developed template for updating tblSubCategory using Report Foster Care Counts.	3.25
52	12/29/2013	In home Labels and Legends. Completed Foster Care Counts report. Figured out extra report labels, descriptions and view label.	1.5
53	12/29/2013	In home labels and legends. Tested report 201 foster care counts. Fixed error with exceeding field length for subcategory legend. Coded Report 202 In-Home Intact Counts, Coded Report 203 State Involved Counts. Created documentation of changes I made to the script that deviated from technical specifications. Documented and figured out sequencing issue for report id 203.	5
54	12/30/2013	In home labels and legends. Tested reports 202 and 203. Truncated and documented subcategory legend > field length. Coded reports 204 and 205. Documented difference in subcategories with different values for taborders for report 204. Wrote Testing queries for tblReport, tblReportView, tblReportSubCategory	4
55	12/30/2013	In home labels and legends. Code reports 206-208.	2
56	12/31/2013	In home labels and legends. Test and write scripts to update in home services reports.	4
